PILATUS GOURMET SAFARI – a culinary journey of discovery

Every Friday from July 15 to August 26, 2011 a gourmet safari is awaiting you on top of Mt. Pilatus. The journey starts with the ride on the world's steepest cogwheel train. At 2132 metres above sea level, summit enjoyments merge with spectacular views. A guide will accompany you to culinary stations, where various traditional Swiss dishes, prepared by our chief cook, Peter Lachmaier, will be served. Be tickled to a 4 course menu, started by a rich aperitif, homemade pastries as well as a fine wine.

Musical entertainment promises an unforgettable evening!
